New This Week...

Starting May 3rd, order Moderna via ASIIS. Can order 200 doses every 2 weeks. High volume clinics that previously received and used more doses should note that on the order.

No Changes to J&J ordering. Continue ordering via counties.

Stay Tuned- Updates to Pfizer EUA. Expecting Pfizer to be approved for children 12-16! If you are in **Maricopa County**, onboarded/ activated providers received an email yesterday about ordering.

VFC and COVID Order Approvals

Effective immediately provider offices will no longer receive a courtesy “your order is approved” email when an order is approved in ASIIS.

To check the status of your order follow the instructions below:

- Log into ASIIS
- Go to Orders/Transfers> Create/View Orders
- Check the Status of your order. It will change to one of the following:

In Manual Review > Pending State Approval > Approved > Shipped, OR

In Manual Review > Pending State Approval > Denied

***Note: If an order is denied by AIPO the Primary and Back-Up Coordinator will be notified.

The screenshot displays the ASIIS web application interface. On the left is a navigation menu with the following items: Main (expanded), Home, Logout, Select Application, Select Organization, Select Facility, Select Pin, Help, MyIR, Message, Favorites, Patient, Vaccinations, Organization, Facilities, Physicians & Vaccinators, Lot Numbers, Orders/Transfers (expanded), Alerts, Create/View Orders (highlighted with a red box), Search History, Modify Order Set, Cold Storage, and Provider Agreement. The main content area shows the 'Current Order/Transfer List' with a sub-section for 'Inbound Orders'. This section contains a table with columns: Select (highlighted with a red box), Order Number, PIN, Submit Date, Approval Date, and Status (highlighted with a red box). A single row is visible with Order Number 123456, PIN 1066, Submit Date 04/28/2021, Approval Date 04/29/2021, and Status Shipped. Below this are sections for 'Backordered Orders', 'Denied Orders', 'Inbound Transfers', 'Outbound Transfers', and 'Rejected Transfers', each with a 'Select' button and a table of columns. At the bottom right, there are buttons for 'Create Order' and 'Create Transfer'.

Will I be penalized for COVID-19 vaccine wastage?

Will it count towards my VFC wastage?

- The COVID-19 vaccines are a US Government Asset. The government is entrusting you with the vaccines when you sign the CDC Agreement. An agreement means the doses have strings attached. You are required to report to ASIIS, for example.
- ADHS asked the CDC about the expectations regarding the wastage of COVID-19 vaccines and has not received any information.
- **VFC Vaccines** are also a US Government asset. **VFC vaccines** have a **5% wastage** grace for unforeseen circumstances. VFC doses should not be wasted.
- Providers may be asked to replace wasted VFC doses, depending on the situation and amount of wastage.

Tips to Reduce Wastage

1

Only order
what you need

2

Account for
every dose in
ASIIS

3

Make plans to
use doses (not
too restrictive)

A man with short dark hair, wearing a light blue button-down shirt, is shown from the chest up. He is looking upwards and to the left with a thoughtful expression, his right hand resting on his chin. The background is a light gray with several large, faint question marks and some halftone dot patterns.
