Data Updated: 12/8/2021

### Number of Cases
- Total: 1,301,597

### Number of Deaths
- Total: 22,779

### Number of Vaccine Doses Administered
- Total: 9,223,619

### Number of New Cases reported today
- Total: 3,506

### Number of New Deaths reported today
- Total: 18

### Number of New Vaccine Doses reported today
- Total: 35,925

### Rate of cases, per 100,000 population
- 18,105.3

### Rate of fatalities, per 100,000 population
- 316.9

### Percent of people vaccinated
- 63.1%

### Tests Conducted**
- Total Tests Conducted: 14,882,164
- New Tests reported today: 30,812
- Total Percent Positive**: 9.9%

---

*Counts of new cases, deaths, tests conducted, and number of vaccine doses administered reflect increases in the total numbers compared to the previous day.

**Diagnostic tests include PCR and antigen testing.

***Percent positive is defined as the number of positive diagnostic results reported electronically, out of all COVID-19 diagnostic tests reported electronically.
Best Practices for Events

Kathie Dumais, MCDPH
How are you offering COVID-19 vaccines?

POLL
Pediatric Practice
Purpose
Share “the stupid little stuff” that makes a big difference in our office.

Instructions
1. Ask your questions out loud or in chat
2. ANSWER questions of others out loud or in chat
Open Forum

**Scheduling**
- Do you block out certain days and times?
- How many patients can you get in for shot-only visits per week with one FT vaccinator?
- Are you allowing walk-ins or appointment only?

**Workflow**
- What other workflow considerations do you have?
- How are you handling the observation period? Where do you keep the kids?
Reporting

• Do we need to make sure the doses are reported within 24 hours?
• What tips for manual reporters?
• How can my EHR automatically dump into ASIIS?

Other

• How are payments coming in?
• Variation between private insurance/AHCCCS?
Happy Holidays!

SEE YOU NEXT YEAR!

Thanks for all you do!
