Pregnancy Immunizations Key Messages and Talking Points

1. **Make sure your immunizations are current before you get pregnant. Then talk to your health care provider about vaccinations that are safe to get during pregnancy.**
 - i. You're not just protecting yourself. Your baby will get a boost of protection too.
2. **Flu, Tdap, RSV, and COVID-19 are recommended while pregnant can help keep you and your little one safe.**
 - i. The Tdap vaccine helps protect against whooping cough, which can be really dangerous for your baby.
 - ii. You'll need a Tdap vaccine with each pregnancy.
 - iii. Getting a flu vaccine while pregnant can help protect you and your baby against flu.
 - iv. Getting an RSV vaccine during your pregnancy can help protect your baby.
 - v. RSV is the most common hospitalization for infants.
 - vi. Getting a COVID-19 vaccine while pregnant can help protect you and your baby from getting very sick.
3. **If you missed certain immunizations during pregnancy, you can still get them after giving birth, even if you're breastfeeding.**
 - i. Anyone who is around your baby needs vaccines too.

Dear Donor,

Every day throughout the year hardworking individuals throughout the multiple spheres of public health and medicine have been putting their time, energy and dedication into vaccinating Arizonans, and The Arizona Partnership for Immunization (TAPI) once again would like to honor them with our Big Shots for Arizona Awards Ceremony. This awards ceremony is a chance for all the unsung heroes supporting our vaccination systems to finally get the appreciation they are due. Please help us make that possible again this year!

Our **Big Shots for Arizona Awards Ceremony** is a time to recognize and honor the excellent work of our immunization partners statewide. These awards highlight the outstanding efforts of individuals and organizations whose diligent work and innovative strategies have improved the health of and vaccination coverage of Arizonans over the past year. This event will be held at the DoubleTree by Hilton Phoenix Mesa.

TAPI's Mission and Impact

Our coalition is made up of over 500 partner organizations who address vaccine barriers and challenges we face in Arizona. TAPI's mission is to foster community wellness, and advocate for good public policy and best immunization practices. Our partners at medical practices, schools, childcare programs, and local health departments rely on our immunization messaging and educational resources to keep their populations healthy. Paramount to our messaging is our ability to partner with, train, and educate parents by dispelling vaccine myths so parents can make educated and informed vaccine decisions.

Request for In-Kind Donation

We invite you to help us with the show by making an in-kind donation to a silent auction which will take place during our awards ceremony on April 23, 2024. All proceeds raised by this event will help us achieve our goal of delivering age-appropriate immunizations beyond the year 2024 to Arizona's two-year-olds, teenagers, and broader community. Donations also support education and community-based trainings for parents, healthcare professionals, and other Arizonans. You and your organization will be prominently acknowledged alongside your generous contribution on the auction table. To donate, simply email the attached donation form to jazminm@tapi.org or mail the form to TAPI at 700 E. Jefferson St. Suite 100, Phoenix, AZ 85034 by **April 12, 2024.**

Sincerely,
