Virtual community of practice

Let's Connect!

problem solving
need answers
common purpose
share knowledge
build trust

Tuesday, June 18, 2024
12:00 - 1:00 PM
Topic:
How do you prepare for the back-to-school rush?

- Determining how much to order
- Appropriately staffing for the rush
- Best practices for scheduling
- More!

Communities of practice offer a framework for practitioners to connect virtually, monthly, for knowledge exchange, knowledge creation, and mutual support.

This Community of Practice will host virtual meetings where participants can ask questions of their peers, share workflows and other best practices and TALK with one another.

VFC 2024 Annual Re-Enrollment

- Re-enrollment started on **May 3, 2024** and ends on **August 31, 2024**. An email was sent to all enrolled providers with the announcement.
- Providers will be required to re-enroll for the 2024 VFC year by completing the Provider Agreement and uploading ALL required re-enrollment documents to <https://redcap.link/reenrollment2024>
- Additional information can be found in ASIIS under Announcements on the home page.

Please note: There has been a change in facility-type reporting. Community Health Center is no longer an option. If your facility was identified as a Community Health Center in previous years, please select Community Vaccinator as your facility type if it is still applicable.

8

Making Improvements to the Vaccines for Children (VFC) Program Webinar

- An email and [Granicus](#) notification was sent to VFC providers on 04/18/2024 regarding the Webinar, "Making Improvements to the Vaccines for Children (VFC) Program."
- The [webinar](#) and [slides](#) can be easily accessed on the Arizona Immunization Page, the VFC Home Page in the announcement Box, or on the Immunization Conference website under Handouts and Slides.
- A [one-page summary](#) of the changes is available on the Immunization Conference website under Handouts and Slides.
- The question-and-answer segment is currently being compiled and will soon be shared on our VFC webpage. You can submit additional ideas or queries to the VFC team by clicking on the link provided [here](#).

9

Flu Updates

VFC and VFA flu will expire on 06/30/2024.

- 6/14/2024 - last day to place a flu order.

10

Shipping updates

No vaccine deliveries

- Fourth of July : July 4, Thursday

The CDC strives to maintain an inventory with the longest possible shelf life. In general, doses will continue to ship out until the following:

- Vaccine is <90 days from expiration for non-flu products
- Vaccine is <30 days from expiration for flu and COVID-19 products

We recommend placing smaller, more frequent orders to maintain your inventory.

11

Vaccine Changes/Updates:

NEW Pediatric NDCs: *(Now available for provider ordering)*

Pfizer:

- PENBRAVA; MCV4-MENB; SDV; 1-pack, NDC: 00069-0600-01;
- PENBRAVA; MCV4-MENB; SDV; 5-pack, NDC: 00069-0600-05;

CDC Purchase Policy Regarding Discontinued NDCs: Once the federal inventory is depleted, NDCs discontinued on CDC contracts will not be distributed by CDC, even if they are still available for purchase on the private market.

12

Vaccine Changes/Updates:

Sanofi

- As of 03/31/2024, Nirsevimab/Beyfortus™, a long-acting monoclonal antibody immunization, is no longer being administered to align with the RSV vaccination season.
- If you have any Nirsevimab/Beyfortus™ immunizations, please do not return them to the warehouse, but ensure you staff is no longer administering them.
 - Providers who have Nirsevimab/Beyfortus™ inventory on hand at the end of the 2023-2024 vaccination season should store the product for use in the next season of 2024-2025, based on its current shelf life.

13

Updated Special Considerations for COVID-19 Vaccine and Nirsevimab

On 04/02/2024 and 04/03/2024, BIZS sent additional information and guidance on COVID-19 vaccine and nirsevimab to VFC formulary via email and [Granicus](#).

Inventory

- **Arizona WILL NOT require VFC providers to meet the private inventory minimum requirement for the COVID-19 vaccine or nirsevimab if they do not intend to vaccinate their private pay patients.**
 - VFC providers that plan to not maintain private stock during this season will need to:
 - Explore other in-network options for their privately insured patients to access the COVID-19 vaccine and nirsevimab (i.e., from another local in-network practice or system, Federally Qualified Health Center, Rural Health Clinic, or deputized VFC provider authorized to immunize underinsured children who do have a private inventory of COVID-19 vaccine or nirsevimab).
- VFC providers that plan to immunize privately insured patients must meet the private inventory requirement by **August 31, 2025**.

14

COVID-19 Updates

An email was sent to VFC providers on 04/29/2024 regarding COVID-19 vaccine availability. As we approach the end of the 2023-2024 season, COVID-19 vaccine availability is changing.

- As manufacturers prepare for the 2024-2025 season, we anticipate changes in the availability of specific products and brands through CDC's programs.

No longer available to order:

Novavax:

- (Age 12 years and older); 2 pack - 5 dose vial; NDC 80631-0105-02

Pfizer:

- (Age 12 years and older); 10 pack - 3 dose vial; NDC 80631-0105-02

CDC Purchase Policy Regarding Discontinued NDCs: Once the federal inventory is depleted, NDCs discontinued on CDC contracts will not be distributed by CDC, even if they are still available for purchase on the private market.

15

COVID-19 Reminders

COVID-19 Returns

NEW* updated 2023-2024 COVID-19 vaccines obtained through the VFC or VFA will need to be returned to McKesson if spoiled/expired, as is the case for other routine vaccines.

For up-to-date COVID-19 Presentations please visit:

- [COVID-19 Vaccine Presentations Available to Order in ASIS](#)
- [Stay Up to Date with COVID-19 Vaccines and Boosters](#)

16

Communications Updates:

- The BIZS will send mass email updates (via granicus system) on pertinent VFC/VFA or COVID-19 vaccine information as well as provide regular clinical information on vaccine schedules and general vaccine reminders. The granicus library page can be accessed at any time for a historical record of previously sent updates at:
