

# Coverage Rate Report

Select Reports and then **Report Module** from the left hand menu. Select **Coverage Rate Report** under the Registry header.

The screenshot shows the 'Coverage Rate Report' configuration form. Key sections include:
 

- Run By:** 'By Ownership' is selected and highlighted with a red box.
- Select to run by series or individual vaccine:** 'Age Range' is selected and highlighted with a green box.
- Limit Report By:** 'Active Only' is selected for State Level Status, County Level Status, and Organization Level Status.
- Exclude patients who have either no forecast or aged out:** This checkbox is checked and highlighted with a black box.
- View By:** 'Aggregate (Total Only)' is selected.
- Display Report Columns:** A list of checkboxes for various report columns, including 'Complete By Vaccine', 'Incomplete Series', etc.

## Run By: By Ownership

### Series:

- **Toddlers - 4:3:1:3:3:1:4 (4 DTap, 3 Polio, 1 MMR, 3 Hep B, 3 Hib, 1 Varicella and 4 Pneumo (PCV)**
- **Adolescents - 1 Tdap; 1 MCV; UTD HPV**

### Age Range:

- **IQIP uses the following age ranges:**
  - **Toddler: 24-35 months**
  - **Adolescents: 13 years**
- **Any age range can be selected ie: 9-12 years could be run to create a patient list of adolescents that could receive HPV to ensure all adolescents are up to date by age 13**

- **Leave Limit Report By and View By options as default**

- **Refer to the following report specific pages for Display Report Columns instructions**

### Export Patient List & Create Patient List:

- Select exclude patients who have either no forecast or aged out for patient lists under Limit Report By - This ensures only patients not up to date in ASIS will be listed.
- Create Patient List - Displays in a new tab
- Export Patient List - Downloads the report as an Excel spreadsheet

### Export Report & Create Report:

- This will generate the coverage rate report - # and % of patients
- Create Report will display in a new tab
- Export will download report in an Excel spreadsheet

# Coverage Rate Report - Toddlers

- Select series: 4:3:1:3:3:1:4
- Age Range: 24 months-35 months
- Evaluate At Age: 24 months
- Display Report Columns (ALL except):
  - One Dose to Complete Series
  - One Visit to Complete Series
- Select Create Coverage Report
